

San Angelo Gun Club Newsletter

May 2020

Let's get together, social distance, and have a meeting, finally! We are planning to resume our monthly SAGC meetings beginning Tuesday, June 23rd, at 7pm, next to The Outdoorsman. We look forward to seeing you as we have plenty to catch up on! Please feel free to wear your favorite mask.

REMINDER: Daughters at the Range has been postponed. The future date will be reflected on our website as well as in Newsletters. Stay tuned!

THE GATE

Members, please note the following info regarding the gate.

#1 - The Covid-19 shutdown has interfered with the company who supplies our cellular equipment being able to upgrade equipment from a 3G cell signal to a 4G signal. They were in the midst of testing equipment when the virus hit.

#2 - The keypad has the capability of reading your keycard when the keycard is within 5 inches of the keypad - by holding your keycard further away than that, it may not read your keycard.

#3 - Please hold the keycard for several seconds in front of the keypad before removing it so you get a better result.

#4 - We do experience some poorer signal levels at times that may last for a couple of minutes, the same as you may experience with your personal cell phones, however the equipment cannot change locations like you can with your cell phone.

#5 - If the gate doesn't open immediately, do NOT scan your card or enter erroneous codes in the keypad as you are only making response to the equipment slower. Give it a minute or two before scanning it again.

#6 - The Membership Officer & Treasurer are monitoring the logs daily and will intervene if need be to send a signal remotely to the gates.

#6 – PLEASE be patient as we and they work through these situations.

Officer elections are in August. This year, the President, Treasurer, Range Officer, and Public Relations Officer positions will be voted on. Nominations may be made at June or July meeting.

***Stay safe & healthy, Members.
See you in June!***
