## Daughters at the Range 2018

More than 120 young ladies signed up to participate in the Daughters at the Range event hosted by SAGC. This is the 7<sup>th</sup> year the Club has hosted the event. Take Your Daughter to the Range began as a national event in 2012. Our late Club President, Janette Story organized the San Angelo event. She saw the delight, excitement, and interest in the girls and when the national event was discontinued, she created a local one. The local Daughters at the Range, LLC was taken over by Stephen Salmon when Janette passed away late last year. She would have been proud of the outcome, as the 120 registrations filled up in just a few days and the same delight, excitement, and interest she saw 7 years ago was present in this group of girls. The San Angelo Gun Club is proud to be home to Daughters at the Range and organizers are already working on the 2019 event. This event absolutely could not happen without a host of volunteers. Thanks to all that participated in any way and thanks to the Elks Club for providing food to a hungry bunch of young shooters and a host of volunteers.
