

San Angelo Gun Club Newsletter

March-April 2020

The Appleseed Project was a great success! The organizers were impressed with the improvements made over the past few years and would like to hold future events at our Club. 7 SAGC members participated while the rest were from other cities. Thanks to Ted Dick and all those that made it possible for our Club to host this event.

In the market for ammo, targets, or other shooting-related items? As a member of SAGC, who is a member of CMP (Civilian Marksmanship Program,) you may purchase items at a discount. Check out their website at www.thecmp.org.

The utility poles donated to the Club are being utilized to HOLD the target stands....**not** as a place to staple your target. Intentionally shooting SAGC property not designed for shooting can result in immediate termination of your membership. The same holds true for intentionally 4-wheeling in the mud & tearing up the roads after a rain. 😞

Many people worked together to make this happen, but a special thanks to Bill Wynn for designing and overseeing this remodel project. What an amazing improvement!

Note for shotgun shooters:

- Please de-cock the throwers after using*
- Please dispose of your used hulls in the dumpster provided*
- Let's keep this area nice, new, and clean.*

2019 ABRA Results

3 clubs participate in the Texas event and San Angelo won ALL the classes!

- Paul Dyer – Outlaw Light Class
- Jim Swaringin – Outlaw Heavy Class
- Bill Middlebrook – Outlaw Heavy Class 2nd place

Paul Dyer

Jim Swaringin

Bill Middlebrook

Ron Herring

Congrats to each of you!

*Please note that Daughters at the Range has been postponed.
The future date will be reflected on our website as well as in Newsletters.
Stay tuned!*

Wheelchair ramps have been added to all bays with concrete shooting areas as well as the Orientation shed.

Stay safe & healthy, Members.

Next Membership Meeting – To be announced. Please check status of all events on our website and/or Facebook page.
